Subject: Notice of Proposed Revisions to the Federal Custody and Control Form
Good afternoon Mr. Lodico,

I work for a Third Party Administrator and would like to present a proposed change to the New Federal Custody and Control Form.

It has been my displeasure with laboratories that have configured the Federal Custody and Control Form to a process where anything written on copy one where the seals are located now do not bleed through to copies 2 through 5. In the past I would be able to catch collector's having the employee sign the labels while still attached to the CCF. Now that some laboratories have figured out a new process so these errors do not show on copies 2 through 5, I would like you to take into consideration a rule not allowing this process be allowed.

Respectfully,

Mary Lynn Brown-Ybos, C-SAPA
